

Summary – percent difference

surface flux of BC – so2-at-height

surface flux of SO2 – so2-at-height

surface concentration of BC – so2-at-height

surface concentration of SO4 – so2-at-height

surface concentration of SO2 – so2-at-height

surface concentration of DMS – so2-at-height

Summary – percent difference

column mass burden of SO₄ – so₂-at-height

column mass burden of SO₂ – so₂-at-height

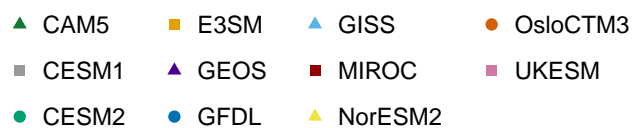

column mass burden of BC – so₂-at-height

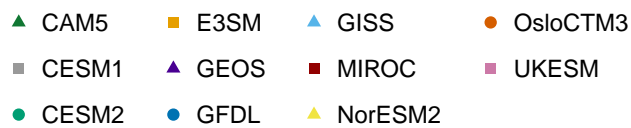

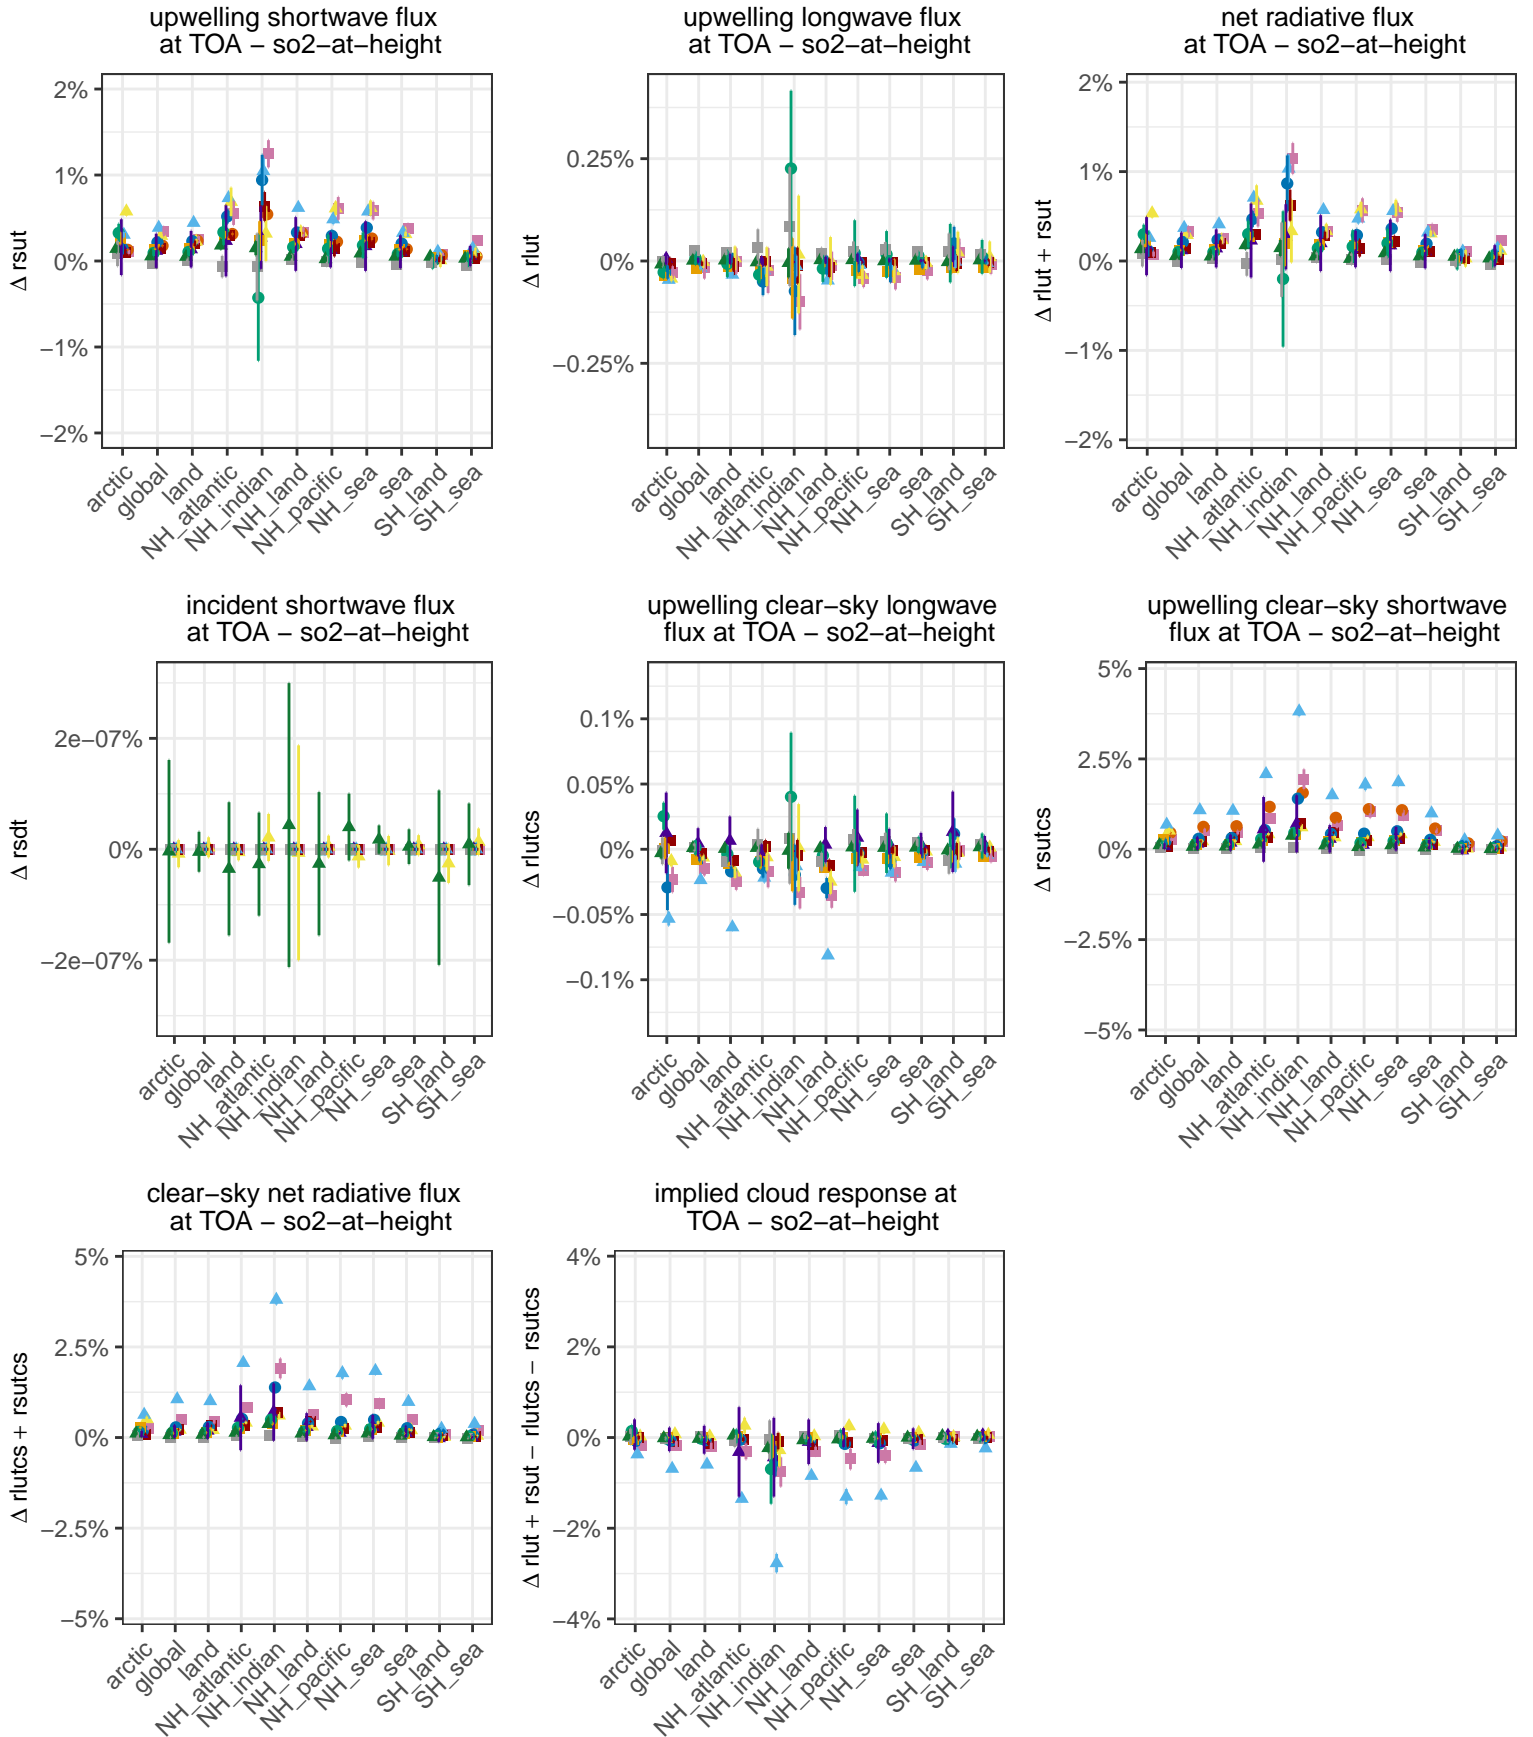

SO₄ lifetime – so₂-at-height

SO₂ timescale – so₂-at-height

Summary – percent difference

Summary – percent difference

ambient aerosol optical
thickness at 550nm – so2-at-height

total cloud cover – so2-at-height

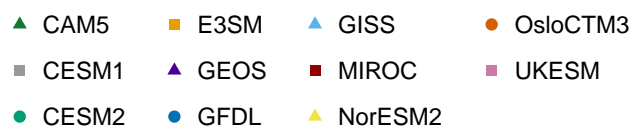

convective cloud cover – so2-at-height

surface cloud cover – so2-at-height

ice water path – so2-at-height

Summary – percent difference
