

# Summary – percent difference

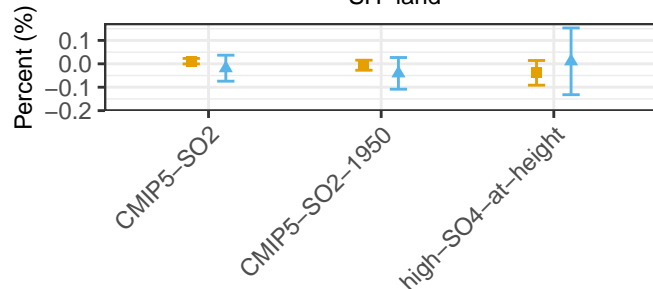

surface flux of BC  
– SH-land

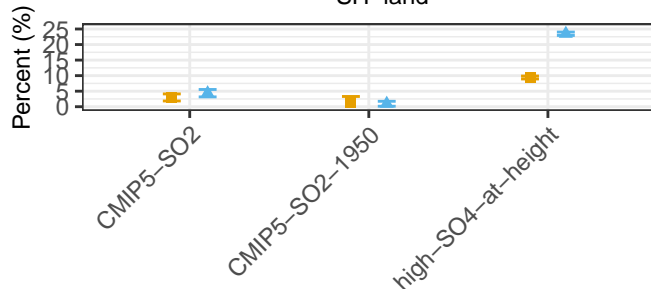

surface flux of SO2  
– SH-land

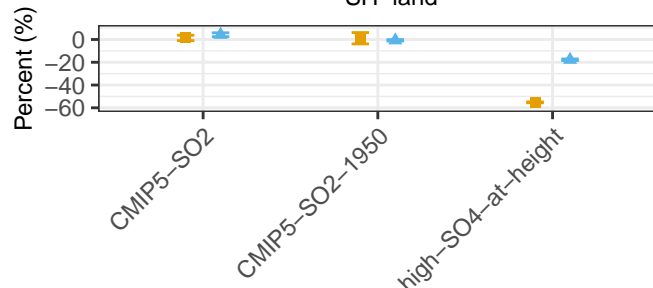

surface concentration of BC  
– SH-land

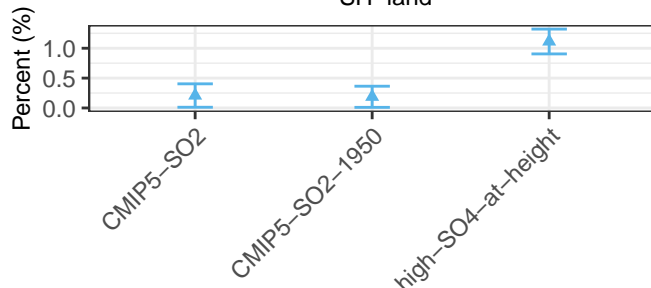

surface concentration of SO4  
– SH-land

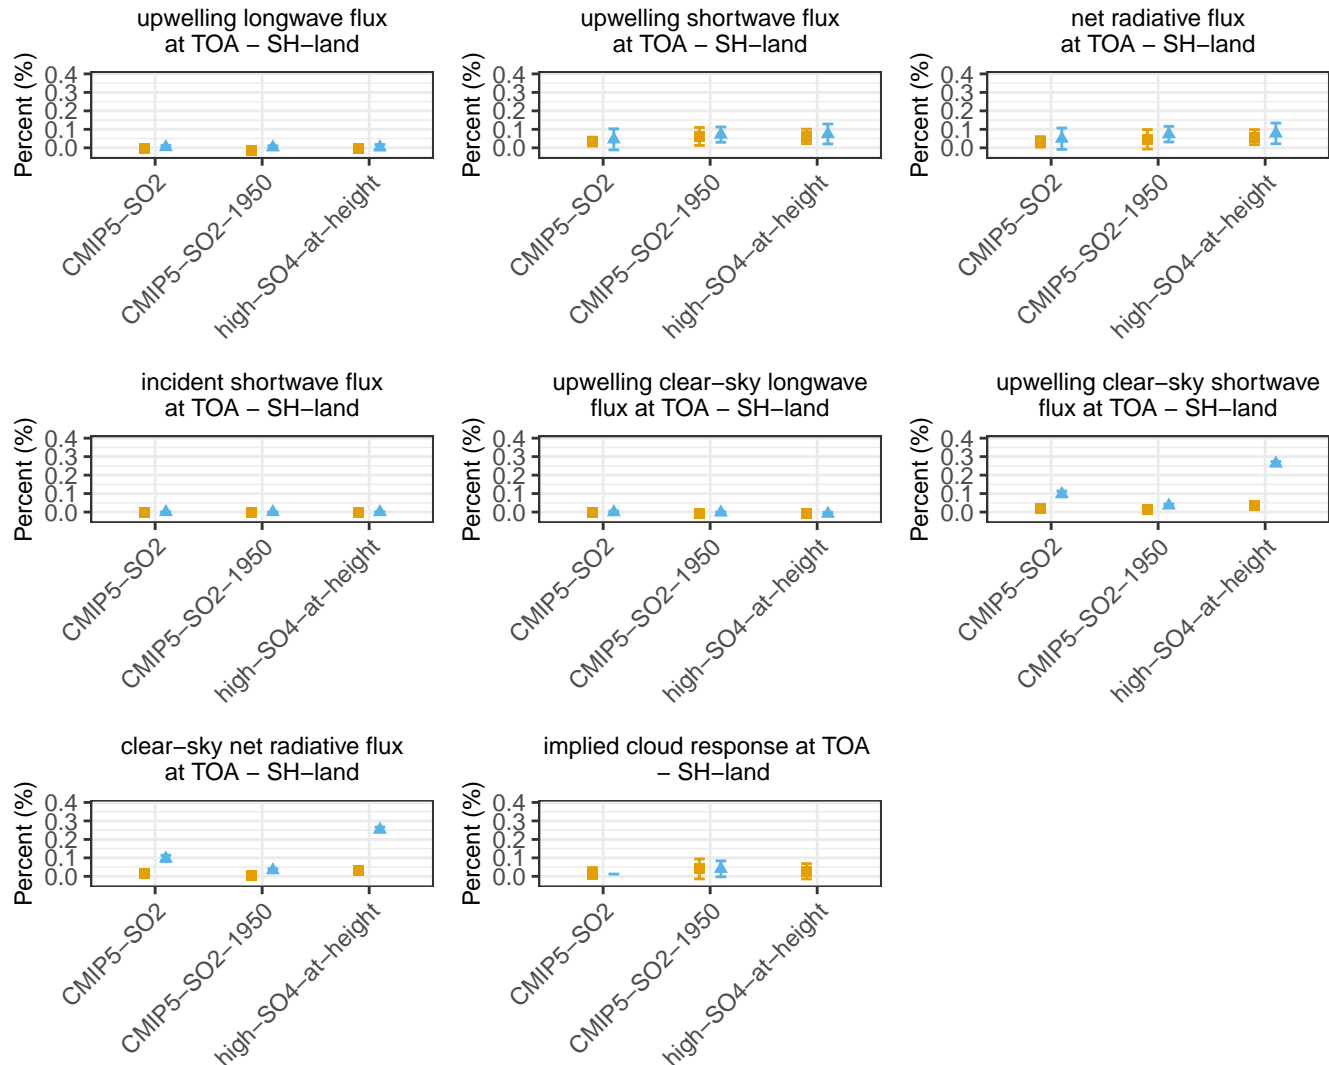

surface concentration of SO2  
– SH-land

surface concentration of DMS  
– SH-land

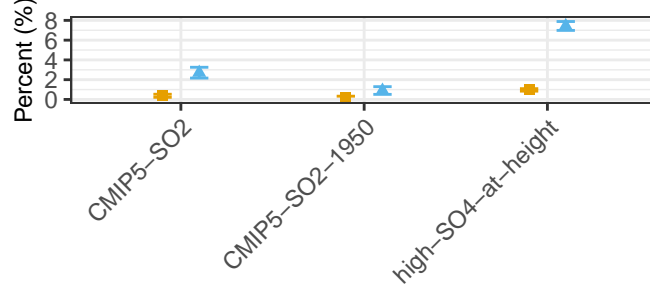

## Summary – percent difference

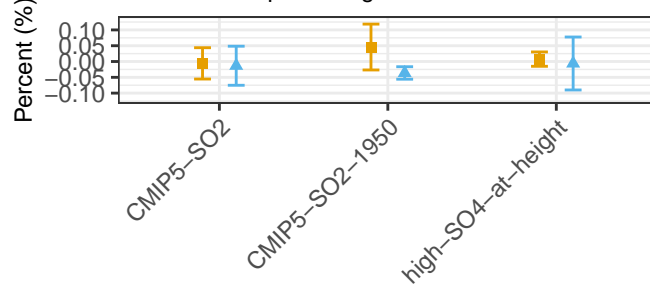

# Summary – percent difference

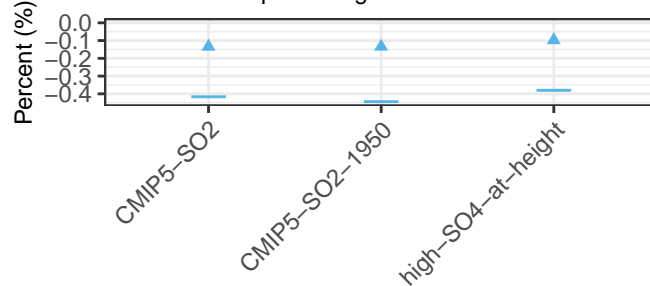

ambient aerosol optical  
thickness at 550nm – SH-land

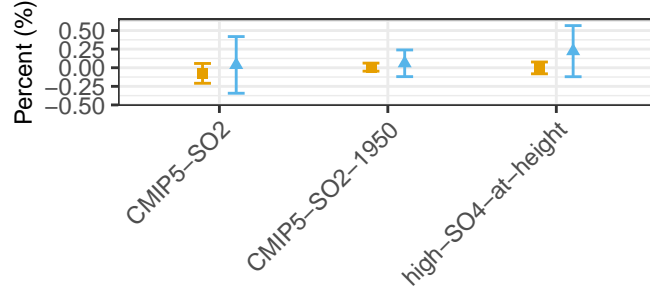

total cloud cover  
percentage – SH-land

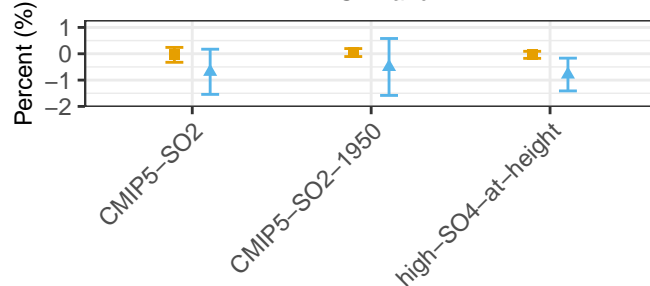

convective cloud cover  
percentage – SH-land

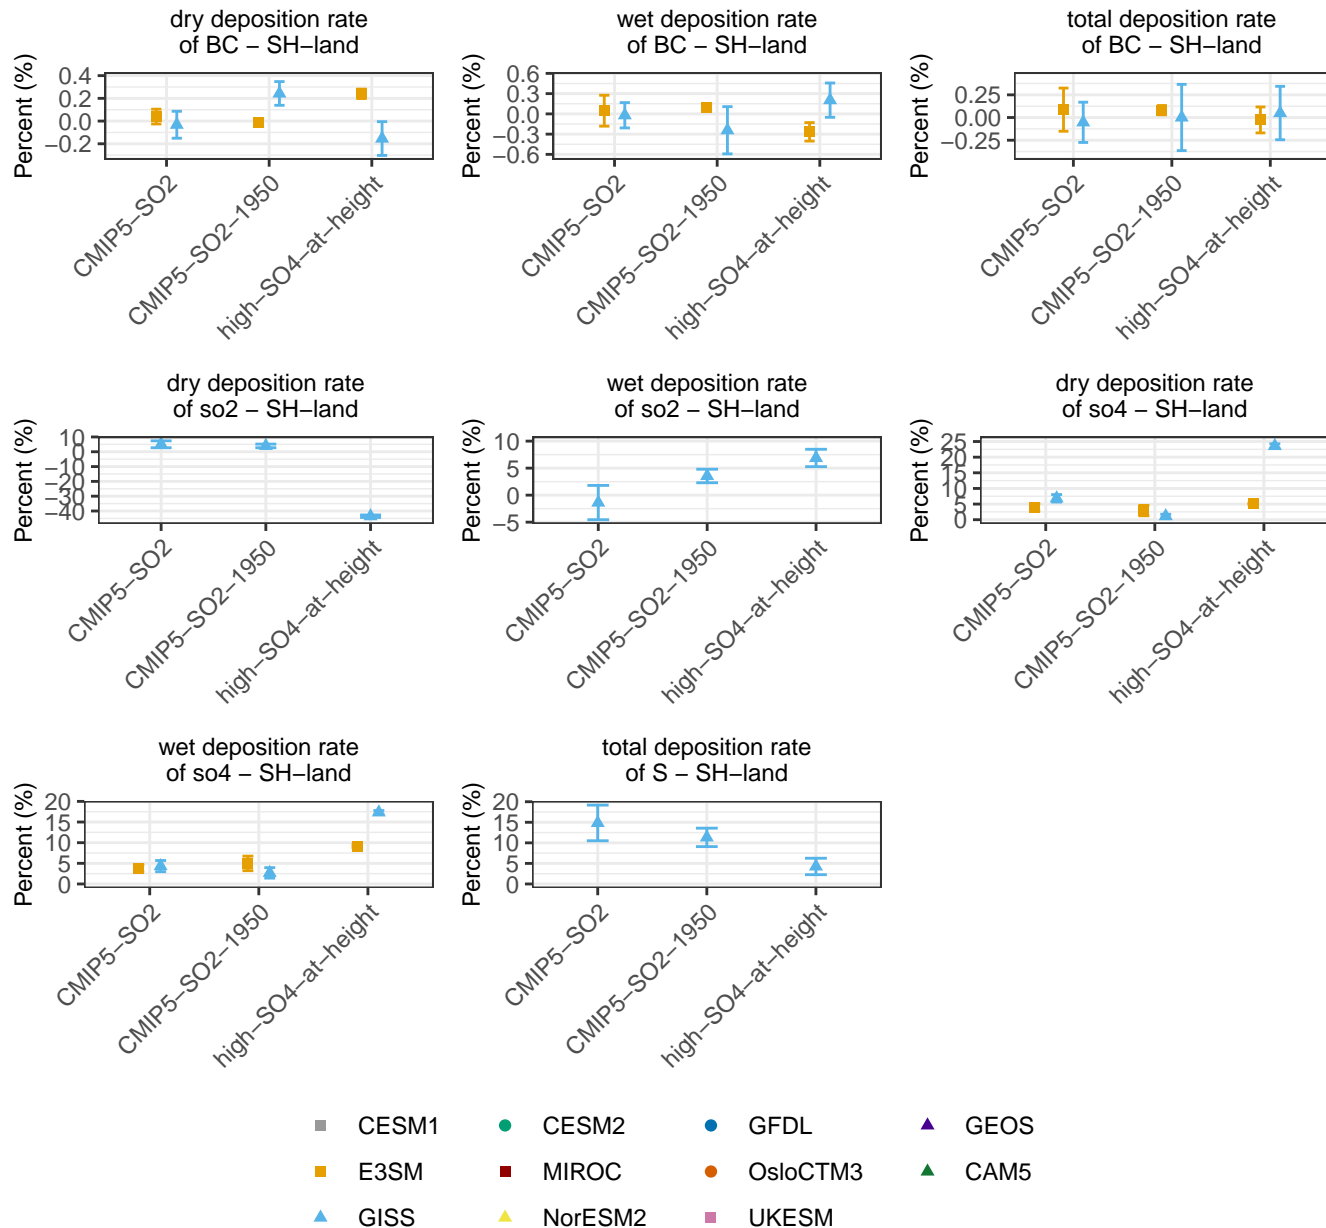

surface cloud cover  
– SH-land

ice water path  
– SH-land

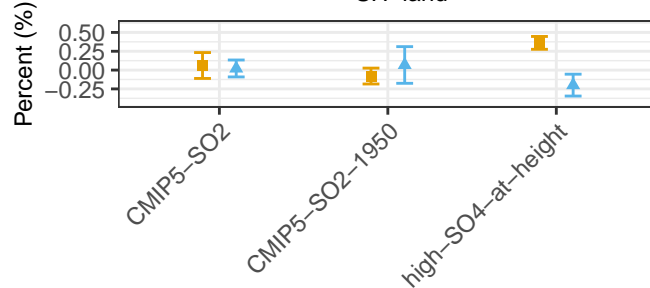

# Summary – percent difference

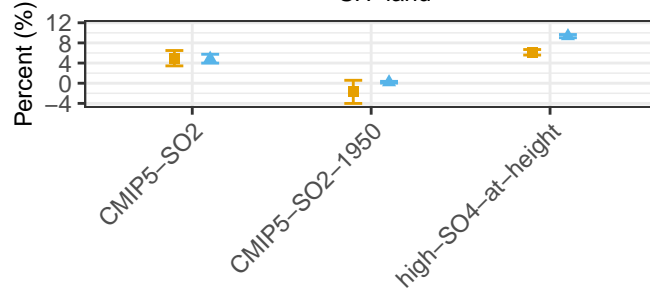

# Summary – percent difference

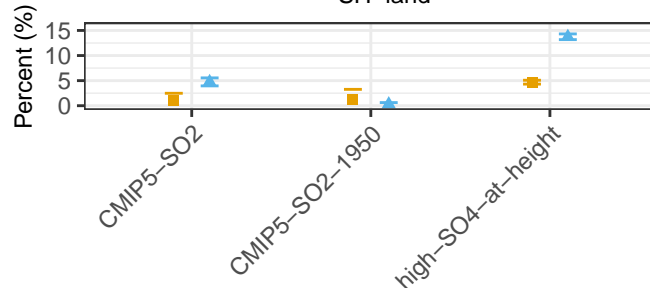

column mass burden of BC  
– SH-land

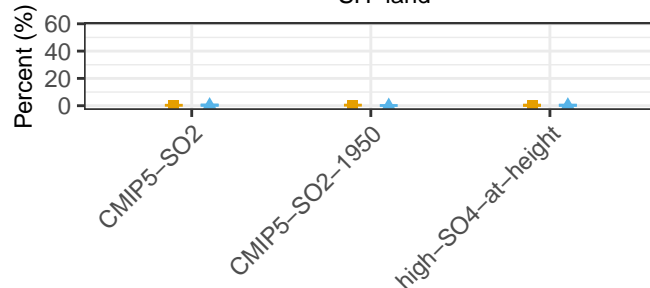

column mass burden of SO2  
– SH-land

column mass burden of SO4  
– SH-land

SO4 lifetime  
– SH-land

SO2 timescale  
– SH-land
